Letter of Recommendation for Miloš Petrović, who was engaged as a Smart TV App Developer from July 15, 2025 to April 14, 2026

I highly recommend Miloš Petrović as a promising and dedicated frontend developer, with whom we had the opportunity to collaborate during his internship at Shindiri Studio.

Throughout his engagement, Miloš demonstrated a high level of professionalism, responsibility, and dedication to his work. From the very beginning, he stood out as a proactive and motivated individual, ready to take initiative and actively contribute to the team. He worked on the development of Smart TV applications using LightningJS, as well as web applications in React and TypeScript, where he demonstrated a solid understanding of modern frontend technologies and principles of scalable and sustainable software development.

I would particularly highlight his analytical thinking, systematic approach, and ability to quickly acquire new knowledge and apply it effectively in practice. Miloš approaches tasks thoroughly and responsibly, pays attention to detail, while also understanding the broader context of the project and team goals. His curiosity and drive for continuous improvement are evident through his willingness to explore new solutions and enhance existing functionalities.

In addition to his technical competencies, Miloš also stands out with strong interpersonal skills. He is characterized by clear and open communication, collegiality, and a collaborative mindset. He integrates easily into team environments, accepts feedback constructively, and demonstrates a high level of professional maturity for someone at the beginning of their career. He has also shown good time management, reliability in meeting deadlines, and a responsible approach to his duties.

It is also important to emphasize his adaptability and positive attitude towards challenges, which made him a reliable support to the team in a dynamic work environment. His energy, work ethic, and dedication make him a valuable member of any team.

I am confident that Miloš will continue to grow professionally, further develop his skills, and achieve notable results in the IT industry. I recommend him with full confidence for any future engagements.

For any additional information, please feel free to contact us.
